Grant Application

About The Blocker Foundation

S. Frank Blocker, Jr., was a man of intellect, charm, wealth and generosity. A Norfolk native, he inherited the profitable Eastern Auto Distributors and continued to build the business to even greater success. His business acumen extended to the stock market as well, enabling him to financially contribute to a wide range of organizations and non-profits across Virginia. Blocker was an active supporter, serving on the Board of Directors of Virginia Wesleyan University and as Board Chairman for the Norfolk YMCA, later renamed the Blocker Norfolk Family YMCA in recognition of his generous contributions of time, energy and money.

Although he passed away in 2020, at the age of 93, Blocker's altruism continues through the Blocker Foundation, formed in 1983. The 501c3 carries on Blocker's support of non-profits that promote and support a safe, healthy, inclusive community.

It is the mission of The Blocker Foundation to inspire, empower and support the Hampton Roads community to provide all in our community wholesome nourishment, safe shelter, educational opportunity, economic opportunity and a healthy environment in which all may thrive.

The Blocker Foundation will consider grant requests for a term of no less than 12 months but not exceeding a period of 5 years. The timeline of the request should match the proposed project and be justifiable through the submission of a workplan.

Funding may not be used for:

- Lobbying or political programs or events
- Sectarian or religious organizations whose grant request will only benefit that organization's members.
- Organizations that discriminate by race, color, creed, gender, sexual orientation or national origin
- Individual scholarships
- Funding that supplants existing sources of support
- Supporting Organizations as defined by the IRS

Grant Considerations

The grantmaking objectives of The Blocker Foundation are intended to assure that our limited resources are allocated to help create the most impact in the communities that we serve. We support organizations and activities that empower people and community systems in a way that tackles the root causes of the problems our communities face and build upon the strengths within these same regions. We strive to expand access to opportunities for people from low-income and otherwise disadvantaged communities, including a commitment to diversity and inclusiveness. We seek to foster partnership amongst like-minded organizations, encouraging communication and collaboration to build programs and services that are sustainable.
